

Natural Remedies App Overview

A holistic healing companion offering curated natural remedies, ingredients, instructions, benefits, and multimedia learning resources for wellness seekers worldwide.

Core Features

Remedy Library

- Natural remedy database categorized by:
 - Body system (e.g., respiratory, digestive, immune, nervous)
 - Conditions/diseases
- Each remedy includes:
 - **Ingredients**
 - **Instructions** (step-by-step, dosages)
 - **Benefits & Uses**
 - **Warnings/Precautions**

User Toolkit

- **Add to Kit** – save remedies
- **Favorites & History**
- Limit varies by subscription tier

Smart Sorting & Search

- Sort by:

- Popularity
- Newest
- Body system
- Remedy type (e.g., tea, tincture, poultice)
- Advanced search by keyword, symptom, or herb

User Authentication

- Login via Google, Apple, or Email
 - Email verification on sign-up
 - Profile settings: language, preferences, reminder toggle
-

Engagement & Content

Videos

- Instructional clips for certain remedies
- Separate **Video Library** section

Courses

- Structured wellness programs (e.g., detox, immune boost)
- Buy once or unlock via **Master** tier

Community & Interaction

- Comment section on remedies
- Remedy reviews/ratings

- Suggest a remedy
- Public profiles with contributions
- In-app messaging or forum (optional)

Notifications

- Daily/weekly remedy suggestions
 - Course reminders
 - New remedy alerts
-

Monetization

Subscription Tiers

Rookie (Free)

- Access limited library
- Add up to 10 remedies to Kit
- Free videos

Skilled (Paid)

- Unlock all remedies and videos
- Unlimited Kit slots

Master (Premium)

- Includes **AI Remedies Assistant**: personalized suggestions based on symptoms
- Full course access

Revenue Streams

- In-app purchases (courses, toolkits)
 - Ad slots (non-intrusive placements)
 - Product recommendations with **affiliate links**
 - Ingredient shop integration (Amazon, iHerb, etc.)
-

App-Wide Enhancements

- Multi-language support (expandable)
 - Push notifications
 - Dark mode
 - Offline mode (download select remedies)
 - Accessibility: voice reader, font scaling
 - “Remind me to take” scheduler
-

Admin Panel (Laravel)

Dashboard

- Total users, active sessions, retention, conversions

Analytics

- Top remedies, engagement stats, kit data, course sales

Remedy Management

- Add/edit/delete remedies
